# 4-MONTH LSAT STUDY PLAN

## General Thoughts

Successfully preparing for the LSAT is about consistency and diligence. Even though the test measures *how* you think and not *what* you know, training yourself to think like the test makers requires time.

Simply put: this isn't a test where cramming proves effective! Instead, your efforts need to be extensive, where you make the most of every study opportunity. For this plan to be effective, you need to dedicate at least 10 hours of test prep time each week (and hopefully much more!).

Four months may seem like a long time, but once you start you'll find that time moves quickly. With this plan and hard work, you have plenty of time to work through the full set of PowerScore materials. If you cannot complete all of the assignments in the time given, prioritize your tasks based on your areas of weakness. Also attempt additional practice tests (particularly newer exams) if time permits!

## How to Use This Study Plan

Each week's assignments are categorized into one of three types: Logical Reasoning, Reading Comprehension, and Practice Tests. This will give you a good sense of exactly what you need to cover during a particular week. Although we encourage you to complete the tasks in the order given, you may adjust the schedule and content to your own needs as you progress.

To help you prioritize your tasks based on your specific areas of weakness, we have labeled many of the assignments in this plan as "Optional."

- If you are already somewhat strong in one of the areas, say, Reading Comprehension, you can omit the Optional portions of the plan tailored to that section and devote that time to further study in another section.
- If you find that you have room for improvement in a given area consider any "Optional" assignment tailored to that section to be mandatory.

A chart is provided for each week outlining the materials to be used and sections for your notes and progress reports. We strongly encourage you to keep detailed information in order to accurately measure your progress as well as track any uncompleted assignments. Keep notes about:

- exactly what you complete and when
- any elements you don't complete that should be a priority the following week
- your performance and general thoughts on each

We also strongly encourage you to create a detailed **LSAT Study Bible** to accompany the notes in this study plan in order to better understand the concepts covered and your progress through the material. *Begin this immediately!* Instructions on exactly how to construct your Study Bible are provided [here](#).

Finally, the coming weeks will undoubtedly test your resolve—both mentally and physically—so it is extremely important that you fully understand the nature of this test and what even incremental improvements mean. This [blog post](#) should help to motivate you as you continue to prepare, so give it careful consideration.

## Week 1: Sixteen weeks to the LSAT

Your first week of study is extremely important. It serves as an introduction to the LSAT itself, and establishes a baseline as you take a timed practice test. Further, you will begin exploring Logical Reasoning, examining concepts such as the Basics of Logical Reasoning, the Question Stem and Answer Choices, Must Be True and Most Strongly Supported questions, Main Point Questions, and Conditional Reasoning. Each of these elements is absolutely critical to a strong Logical Reasoning performance, so be extremely diligent this week as you begin your preparation.

You will have no specific Reading Comprehension Assignments this week.

### ■ Practice Tests

Start your week by taking a practice LSAT. Before you begin this exam, read about [how you should take a practice test](#).

We encourage you to begin with an official LSAT. Take a recent PT in our [Analytics Course](#) that you haven't previously seen. Take this exam under the same timed conditions you will face on test day (35 minutes per section unless you have specific accommodations).

This test will establish a baseline score, and give you an initial sense of both the test and your natural strengths and weaknesses. Do NOT let the results discourage you! They are in no way indicative of your potential or what your final score will be. It's merely a chance for you to familiarize yourself with the experience of taking a real LSAT under timed (test-day) conditions.

Upon completion of the exam, you'll receive a comprehensive analysis of your performance via our [Analytics Course Platform](#). Be sure to save these results and use them to help guide the early stages of your prep.

### ■ Logical Reasoning

- To start your initial Logical Reasoning studies, read Chapters One through Four of the [Logical Reasoning Bible](#). This reading selection takes you from an Introduction and Overview of the LSAT in Chapter One, through discussions of the Logical Reasoning section in general in Chapters Two and Three, and into Must Be True questions in Chapter Four.
- Once you feel comfortable with the first four chapters, read Chapter Six on Conditional Reasoning. Conditional Reasoning is a particularly challenging concept for many students, so it is imperative that you spend sufficient time with it, as it will figure heavily in both the Logical Reasoning and Logic Games sections of the LSAT.
- After you finish Chapter Six in the *Logical Reasoning Bible*, complete the LR *Question Type Training* drills **Must Be True Questions: Volume 1**. from your [Analytics Course](#) subscription. Together, Chapter Six and the drills discuss and test Must Be True/Most Strongly Supported questions, the most common LR question type and a prominent feature in Reading Comprehension as well.

Note: as you work through the Must Be True questions in the Type Training drills, you will encounter a number or stimuli featuring Conditional Reasoning.

## Week 2: Fifteen weeks to the LSAT

This week provides an Introduction to Reading Comprehension. You will also continue your Logical Reasoning studies with Main Point questions.

### ■ Reading Comprehension

- Begin by reading Chapters Two and Three of the *Reading Comprehension Bible*. Skip the section in Chapter Three that covers argumentation as you have already covered this content elsewhere. Note that you can also skip Chapter One, as that is an overview of the test that you have already encountered in Week One.
- We encourage our students to become active readers of publications and journals the tone and style of which closely aligns with passages on the LSAT. This will help you more quickly acclimate to the nature of passages created by the test makers. Some examples of worthwhile sources of additional reading include: The Economist, Scientific American, The Wall Street Journal or New York Times, and other economically-, legally-, or scientifically-oriented texts.

### ■ Logical Reasoning

- Read Chapter Five of the *Logical Reasoning Bible*. This chapter covers Main Point questions, a common question type in both the Logical Reasoning and Reading Comprehension sections.
- After reading Chapter Five in the *Logical Reasoning Bible*, return to the *Analytics Drill Sets* and take **Main Point Questions, V1**. These drills will help you develop your skills at recognizing and understanding argumentation.

# Feeling Stuck?

Self-study isn't for everyone. Sometimes you need a little help to get through a tough concept, or to gain those last few points you need for your target school.

## Work with a Tutor

Many students find that even 5 or 10 hours of targeted personal tutoring can really enhance their self-study. Tutoring packages include comprehensive materials and online resources that are only available to students who take a course or enlist [the help of a tutor](#).

“

*I started with a score of 160, and with my tutor's unwavering support and guidance, I scored a 173 on my official test leading to me being admitted into multiple law schools, including a top-three law school! I cannot thank PowerScore enough for solidifying foundational knowledge about the LSAT and giving me the confidence and encouragement needed to do well on the test!*

Jordan H., Private Tutoring Student ”

## Week 3: Fourteen weeks to the LSAT

This week you will continue your Logical Reasoning studies with Weaken questions, and a comprehensive look at Causality. The Reading Comprehension assignment is slightly lighter than the previous week's, in order to let the information sink in and to give you a chance to complete any remaining work not yet finished.

### ■ Logical Reasoning

- Read Chapter Seven the *Logical Reasoning Bible*. This chapter examines Weaken questions, which constitute the only question type in the Family #3: Hurt category (as discussed in Chapter Three).
- Next, work through Chapter Eight of the *Logical Reasoning Bible*. Chapter Eight covers both basic and advanced Causal Reasoning, a very common type of reasoning on the test (and particularly prevalent in Weaken questions).
- Complete the *Question Type Training* drills in **Weaken Questions: V1** in *Analytics*, which feature a significant amount of Cause and Effect Reasoning.

### ■ Reading Comprehension

- Read Chapter Four of the *Reading Comprehension Bible* on Passage Elements and Formations
- You should also continue to actively read non-LSAT material and publications as recommended in Week 2's assignment, and attempt to apply the reading skills discussed in Chapter Two of the Reading Comprehension Bible.

## Week 4: Thirteen weeks to the LSAT

This week will continue your analysis of Reading Comprehension. You will also go further with Logical Reasoning. It's still too soon for full Practice Tests; focus instead of mastering the concepts discussed for each section.

### ■ Reading Comprehension

- Continue your Reading Comprehension studies by working through Chapters Five and Six of the *Reading Comprehension Bible*. Here you will encounter many key concepts such as Diagramming and how to best attack the various question types and answer choices.

### ■ Logical Reasoning

- Read Chapters Nine of the *Logical Reasoning Bible*. This chapter addresses Strengthen questions, and you will encounter Causality frequently as well (causal reasoning appears in the majority of Strengthen questions).
- Next work through the *Analytics* drills in **Strengthen Questions: V1**, to reinforce your abilities as outlined in the *Logical Reasoning Bible* for this question type.

## Week 5: Twelve weeks to the LSAT

This is a bit of a lighter week, in order to let some of the ideas settle in. But DO NOT get complacent! This is also an opportunity for you to get back on schedule if you have fallen behind in previous weeks, so use your time effectively.

### ■ Reading Comprehension

- Work through Chapter Seven of the *Reading Comprehension Bible*. This is a summary chapter where all of the ideas you have seen so far get incorporated into a single, overarching approach.
- Next, go back to *Analytics* to practice some *Passage Type Training* by completing the first half of the Reading Comprehension drill sets called **Humanities: Volume 1**, ending with PT 12, October 1994, Passage #1: Modern Architecture, Questions 1-7.

### ■ Logical Reasoning

- Read Chapter Ten of the *Logical Reasoning Bible*. Here you will examine Justify the Conclusion questions.
- Next, practice the *Analytics* drills in **Justify Questions: V1**

## Week 6: Eleven weeks to the LSAT

At this point you should be entirely caught up with the previous weeks' assignments. If you are still behind, make it a priority to complete any remaining work before moving on with this week's content.

### ■ Logical Reasoning

- Read Chapter Eleven of the *Logical Reasoning Bible*. This chapter introduces Assumption questions, one of the most challenging question types for many test takers. So take your time as you work through the ideas presented to ensure a complete understanding of them.
- Next, to hone your question type skills for Assumption questions, return to *Analytics* and complete the drill set **Assumption Questions: V1**.

### ■ Reading Comprehension

- Read Chapter Eight of the *Reading Comprehension Bible*. This chapter addresses Comparative Reading Passages and thus is vitally important to fully understand, as approximately one-fourth of your Reading Comprehension score is based on the Comparative Reading passage set.
- In *Analytics*, complete the second half of the Reading Comprehension *Passage Type* drill sets **Humanities: V1**.

## Week 7: Ten weeks to the LSAT

At this point you should have completed all of the assigned tasks for the first eight weeks. If you are still behind, prioritize any missed work and attempt to get caught up. This slightly-reduced workload is done to allow you to complete any missed assignments and review any specific areas of difficulty. This week will also require you to take two practice tests with relaxed time, which can provide unique insight into the areas you still need to improve.

### Logical Reasoning

- Read Chapter Twelve of the *Logical Reasoning Bible*. Here you will see Resolve the Paradox questions, the final question type in the Family #2: Help category.
- After you work through Chapter Twelve of the LRB, return to *Analytics* and complete the **Resolve the Paradox: V1 LR Question Type** drill set.

### Reading Comprehension

- Complete the first half of Chapter One: Practice Drills in the *Reading Comprehension Bible Workbook*, beginning with the Active Reading Drill and stopping after the VIEWSTAMP Analysis: Main Point Identification Drill. Note that this can be skipped if you are feeling comfortable with your Reading Comprehension performance at this point, or at least prioritized lower to make sure you have time to take and review a full practice test.

### Practice Tests

- Take two Practice Tests you have yet to complete. Give yourself extra time within each section. Doing this can help isolate specific concepts and paradigms you may be struggling with. When speed is not the focus of your practice test, rushing or guessing should play no role in determining your score. Any mistakes you make will likely result from a conceptual misunderstanding of the material being tested. Use them to your advantage!

## Week 8: Nine weeks to the LSAT

The assignments for this week are also fairly light, so any areas of weakness or difficulty can be addressed and corrected. One practice test will again be taken with relaxed timing; use it to identify and review concepts that are still giving you trouble. This week will also require you to do a full practice test under normal testing conditions, so plan accordingly. You will need a block of at least 2.5-3 hours of free time to work through the exam. If possible, make this timed practice test the final task this week and thoroughly review your performance on it as well.

### ■ Logical Reasoning

- Read Chapter Thirteen of the *Logical Reasoning Bible*. Here you will see Formal Logic, a rare, but challenging, concept with which many test takers struggle. However, if you are falling behind in your studies, you can save this assignment for later, as Formal Logic is quite uncommon (1-2 questions per LSAT, typically) and your time may be better spent elsewhere.
- Once you have completed the chapter on Formal Logic in the Reasoning Bible, work through **Formal Logic: V1** in *Analytics* to reinforce your skills.

### ■ Reading Comprehension

- Complete the rest of Chapter One: Practice Drills in the *Reading Comprehension Bible Workbook*. If you used this resource as suggested last week, this means beginning with the Passage Elements and Formations Recognition Drill. Note, again, that this is not necessary if you are feeling comfortable with your Reading Comprehension performance at this point.

### ■ Practice Tests

- Take a Practice Test using relaxed time.
- Take a Practice Test under normal testing conditions. Make sure to include breaks.

## Week 9: Eight weeks to the LSAT

This week, and all of the weeks to come, will continue requiring you to take practice tests under normal testing conditions. So, plan accordingly. You need 2.5-3 hours of uninterrupted time to complete the tests and you should spend several hours reviewing your performance on each as well.

### ■ Logical Reasoning

- Read Chapters Fourteen and Fifteen of *Logical Reasoning Bible*. The question types discussed—Method of Reasoning and Flaw in the Reasoning—are very closely related, so it is useful to pair these two chapters with one another.
- Complete the Logical Reasoning *Question Type* drill sets **Method of Reasoning** and **Method-AP Questions: V1** and **Flaw in the Reasoning Questions: V1** in *Analytics* to reinforce those question types. Together they will make up a significant portion of your LR score, so it is imperative that you are comfortable with them prior to test day.

### ■ Reading Comprehension

- Read Chapter Nine of the *Reading Comprehension Bible* on Common Passage Themes

### ■ Practice Tests

- Take a Practice Test under normal testing conditions. Make sure to include breaks.
- Take a Practice Test using relaxed time.

## Week 10: Seven weeks to the LSAT

The focus during the next few weeks is going to slowly transition away from individual concept discussions and reviews, and towards practice tests. So the key as you make that adjustment is to allow for plenty of time for thorough test analysis, and then do concept-specific reviews as needed based on your test performance.

### ■ Logical Reasoning

- Read Chapters Sixteen and Seventeen of *Logical Reasoning Bible*. These chapters respectively cover Parallel Reasoning questions, which can be extremely time-consuming without the proper approach, and Numbers and Percentages questions, a challenging concept featured in many LSAT stimuli. These questions also pair nicely with the other two types discussed this week, Method and Flaw.
- Return to *Analytics* and complete the drill set **Parallel Reasoning and Parallel Flaw: V1**.

### ■ Practice Tests

- Take a Practice Test under normal testing conditions. Make sure to include breaks.
- Take a Practice Test using relaxed time.

## Week 11: Six weeks to the LSAT

At this point you have reviewed the vast majority of the test’s key concepts, so timing starts to take a greater role in your preparation.

### ■ Logical Reasoning

- Read Chapters Eighteen through Twenty of the *Logical Reasoning Bible*. These three chapters cover the remaining LR question types, each of which appears infrequently. Of these three types, focus primarily on Point at Issue, which is the most common of the three.

Once complete, all that is left in Logical Reasoning is a discussion of Principle questions (not distinct “types” per se, but a rather commonly-featured idea), and a final analysis of Section Strategy and Time Management.

- Work through the following drill sets in *Analytics*: **Evaluate the Argument: V1**, **Cannot Be True: V1**, and **Point at Issue/Point of Agreement Questions: V1**. If you are short on time, focus mainly on Point at Issue.
- Complete Chapter One of the *Logical Reasoning Bible Workbook*.

### ■ Reading Comprehension

- Read Chapter Ten of the *Reading Comprehension Bible*. This discussion of Section Strategy and Time Management will take you to the end of the Reading Bible’s conceptual analyses.

### ■ Practice Tests

- Take a Practice Test under normal testing conditions. Make sure to include breaks.
- Take a Practice Test using relaxed time.

## Week 12: Fives week to the LSAT

### ■ Logical Reasoning

- Read Chapters Twenty One and Twenty Two of the *Logical Reasoning Bible*. This will take you to the end of this book, however be sure to return to it frequently as you continue to take tests and identify areas of weakness. For instance, if you find that a particular question type or idea consistently gives you trouble, use the Reasoning Bible to review that concept/type and attempt to eliminate any remaining difficulties.
- Complete the LR *Question Type* drills in both **Conditional Reasoning Questions: V1** and **Cause and Effect Reasoning Questions: V1** in *Analytics*.
- Complete Chapter Two of the *Logical Reasoning Bible Workbook*.

### ■ Reading Comprehension

- Continue in *Analytics* and complete the **Diversity I, II, and III: V1 RC Passage Type** drill sets. You will notice that you are working through the drills in non-sequential order; this is intentional to best reinforce the skills discussed in the *Reading Comprehension Bible*.
- Complete the individual passages in Chapter Two of the *Reading Comprehension Bible Workbook*, and carefully review the detailed analysis given for each.

### ■ Practice Tests

- Take a Practice Test under normal testing conditions. Make sure to include breaks.
- Take a Practice Test using relaxed time.

## Week 13: Four weeks to the LSAT

The focus now moves to working through as many tests as possible under timed conditions, in order to acclimate you to the rigors of the LSAT. Focus on accuracy, and carefully review the mistakes you've made. When speed is taken out of the equation, any mistakes you make will point to specific weaknesses that you still need to work on. Each of these practice exams must be thoroughly reviewed as you consider your evolving strengths and weaknesses. You can then return to any/all relevant conceptual discussions in the LSAT Bibles.

### ■ Reading Comprehension

- Complete the RC *Passage Type* drills in *Analytics* for **Law Related: V1** and **Regulation: V1**.
- Complete the entire Passage ReChallenge section of the *Reading Comprehension Bible* doing each ReChallenge Set as a timed exercise. Thoroughly review the explanations.

### ■ Practice Tests

- Take two Practice Tests under normal testing conditions. Make sure to include breaks.
- Take a Practice Test using relaxed time.

- Work through the full Reading Comprehension sections in Chapters Three and Four of the *Reading Comprehension Bible Workbook*, and thoroughly review the explanations provided for each.

## Week 16: One week to the LSAT

This week is about both conceptual and mental preparation. You should plan to take 2-3 practice tests as outlined below, allowing ample time for review, however be sure that you do not attempt a test the day before the exam. Focus in particular on building your confidence and visualizing a strong performance on test day—how you expect to perform will likely become reality.

### ■ Practice Tests

- Take up to three Practice Tests under normal testing conditions. Make sure to include breaks.

### ■ Other

During the final stretch to your test, you should make sure that you are as mentally prepared as possible for the pressures of test day. To help you reach a state of pure mental confidence and balance, we've compiled a list of some of our favorite LSAT mentality resources. Set aside some time before the test to think about how you will approach the LSAT when it begins and especially how you will react if you encounter any difficulties. It's an essential step, and one that can dramatically impact your score. Although all of these articles are important, we strongly recommend you watch the Test Mentality webinar and follow the specific recommendations in that discussion.

[The Ultimate Test Mentality Resource List](#)

The final weeks before test day require a different strategy. We have some articles on our [Last Minute LSAT Advice](#) page that you might find helpful, including a discussion of [final week prep](#) and the difference between LSAT [Cancellations, Withdrawals, and Absences](#) if you're having cold feet.

There are several worthwhile articles discussing important issues beyond strategies and mental preparation, such as the logistics of test day itself, and how to prepare yourself for the test with proper diet and nutrition:

[What to Do the Day Before and Morning of the LSAT](#)

[Thought for Food: Eating Your Way to a 180 on the LSAT](#)

Finally, on the day before the LSAT, relax! Do something that makes you happy and don't worry about the LSAT (assuming you know where your testing center is or your room is prepared for the ProctorU virtual proctor system). It is imperative that you are fully rested before the exam, so avoid any strenuous activities, whether physical or mental. So don't run a half-marathon, and don't attempt any full practice tests!
